DUBAI / UAE PROJECTS

Complete office renovation & fit-out

Quick Mend Technical Services LLC

Renovate your office with one coordinated team for interiors, air conditioning, electrical and plumbing. QMTS brings the agreed trades together from site assessment through handover, with complete fit-out services for new workspaces too.

Scheduled services in Dubai. Larger commercial and fit-out projects across the UAE, subject to scope and site assessment.

WHAT WE DO

Complete renovations and fit-outs

Office Renovation

Turnkey office renovation combining interior refurbishment, MEP upgrades and finishing in one agreed scope.

Assessment of the existing office and proposed changes / Ceiling and partition modifications within the agreed layout / Reception counters, storage and office joinery / Flooring replacement, tiling and wall finishes

Office Fit-Out

Complete office fit-out with coordinated interior trades, MEP services and finishing for your new workspace.

Office site assessment and work coordination / HVAC, electrical and plumbing works / Ceilings and interior partitions / Reception counters, cabinetry and bespoke joinery

Apartment Renovation

Coordinated interior and MEP renovation for Dubai flats, studios and apartments, from individual rooms to a complete agreed scope.

Room-by-room assessment and renovation scope / Floor and wall tiling and surface preparation / Cabinetry, wardrobes and interior joinery / Ceiling works, wall finishes and wallpaper

Villa Renovation

Planned villa interior renovation bringing rooms, finishes, joinery and building services into one coordinated scope.

Room and service assessment across the agreed villa areas / Flooring, wall tiling and surface preparation / Interior ceilings, wall finishes and wallpaper / Cabinetry, wardrobes and bespoke joinery

The agreed quotation defines the scope, materials, access arrangements and responsibilities for each project.

WHAT WE DO

Coordinated building services

HVAC & Ventilation

Air-conditioning, ventilation and air-filtration works for commercial and residential properties.

Split, ducted and package-unit installation / Air-conditioning system replacement / Ventilation and fresh-air systems / Exhaust and extraction systems

MEP Infrastructure

Coordinated mechanical, electrical and plumbing infrastructure for fit-outs and renovations.

MEP site inspection and coordination / HVAC, electrical and plumbing integration / Service routing and containment / Equipment and fixture installation

Plumbing & Sanitary

Water-supply, sanitary and drainage installation, modification and maintenance works.

Hot- and cold-water piping / Drainage and waste piping / Sanitary fixture installation / Washroom plumbing works

Electrical Systems

Power distribution, wiring, lighting and distribution-board works and maintenance.

Distribution-board installation and dressing / Power and lighting wiring / Cable trays and containment / Lighting installation

The agreed quotation defines the scope, materials, access arrangements and responsibilities for each project.

WHAT WE DO

Interior works and handover

Tiling Works

Porcelain, ceramic, marble, mosaic and large-format floor and wall installation.

Porcelain and ceramic tile installation / Marble and natural-stone installation / Large-format tile installation / Wall and floor tiling

Carpentry & Joinery

Bespoke joinery, panelling, counters, doors, cabinets and wood-flooring installation.

Bespoke reception counters / Office storage and cabinetry / Wall panelling and decorative joinery / Doors, frames and architraves

Wallpaper & Finishes

Wallpaper, fabric panels and decorative wall finishes for interior spaces.

Vinyl wallpaper installation / Non-woven wallpaper installation / Textile and fabric wall coverings / Digital-print wall murals

False Ceiling & Partitions

Gypsum ceilings, lightweight partitions and acoustic ceiling systems.

Gypsum-board suspended ceilings / Gypsum partitions / Bulkheads and ceiling features / Acoustic mineral-fibre ceilings

Plastering Works

Internal and external plastering, wall repairs and surface preparation works.

Internal wall plastering / External wall plastering / Cement plaster / Gypsum plaster

Deep Cleaning

Post-handover, post-construction and deep-cleaning services for finished properties.

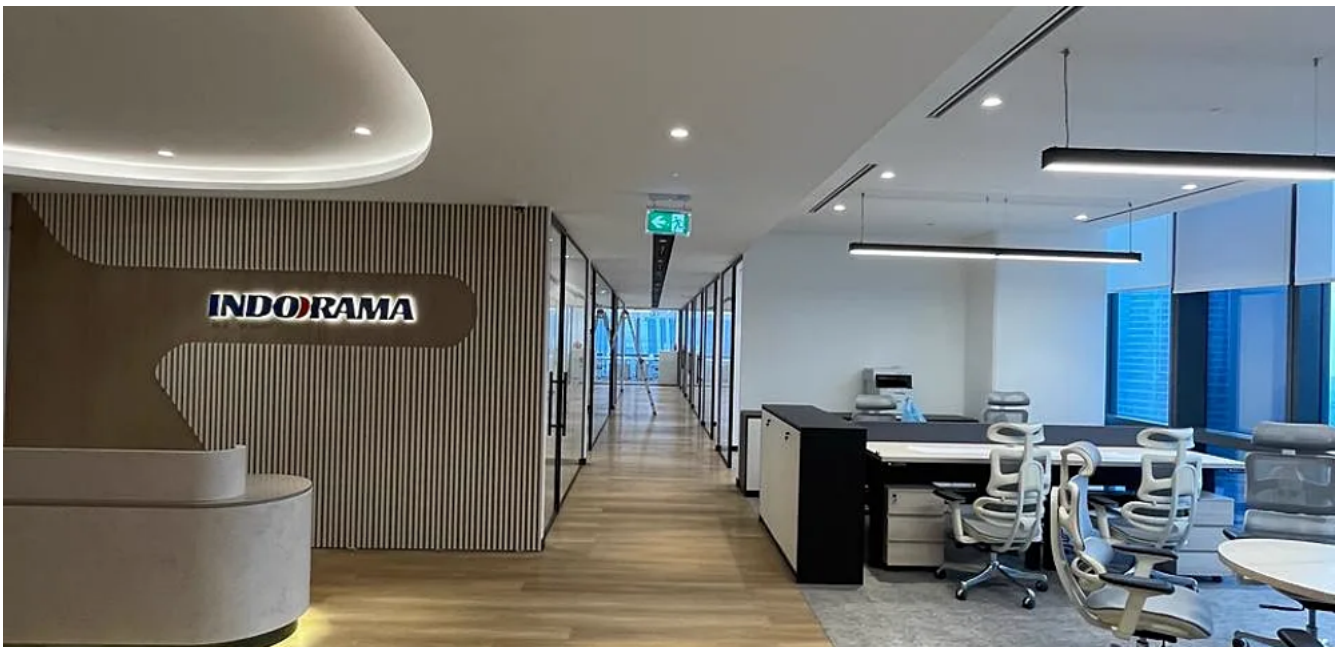

Post-construction cleaning / Post-fit-out cleaning / Dust and debris removal / Floor scrubbing and polishing

The agreed quotation defines the scope, materials, access arrangements and responsibilities for each project.

START A CONVERSATION

Plan your next project

01 Share your brief

Tell us what needs to change, where the property is and when you need the work.

02 Review the site

We assess existing conditions, access and the services involved.

03 Agree the scope

Review the proposed works, materials, exclusions and commercial terms.

04 Coordinate the work

Sequence the trades and access arrangements around the agreed project scope.

05 Check and hand over

Check the completed works and review the agreed handover requirements.

Tell us the location, property type, approximate scope or area, and target date. Photos or drawings help us understand the work before arranging the next step.
